MACDONALD COLLEGE

FRIDAY, OCTOBER 26, 1962

## MAC ASSEMBLY HALL SCENE OF IMPRESSIVE GATHERING

The Assembly Hall of Macdonald College was the scene Tuesday of an impressive ceremony at which award-winning students were given due recognition for their academic accomplishments.

Dr. D.G. Dion, Dean of the Faculty of Agriculture, congratulated these students, all of whom were recipients of prizes, on their efforts in maintaining Macdonald's scholastic reputation. Dr. Brittain, an ex-principal of McGill and a former vice-principal of this college for 25 years, presented the various awards.

Colour was lent the occasion by the robes of faculty members and the assembly generally contributed a re-assuring note to what was a disquieting day for many students.

Dr. Munroe, Director of the Institute of Education, was principal speaker. In his address, Dr. Munroe especially stressed that learning is not enough in an university. "We must," he said, "have a community of interest and effort."

He spoke to students of the four elements in learning which he defined as imitation, instruction, introspection and initiative. Of the first he said: "The most important thing is to realize that much may be learned this way, but that the level is very limited." Continuing, "he emphasized that instruction, although necessary, forces one to work under the direction, the power, the inspiration, of somebody else."

Introspection and initiative, i.e. the will to share our knowledge, emerged as the two most important aspects of the learning process. Commented Professor Munro: "Introspection means self-examination and learning does not progress very far if we do not relate the new experience or the new knowledge to our own needs, our own attitudes, our own ignorance, our own misunderstandings and misjudgments."

In conclusion he made it clear that the student must do something with his acquired knowledge. Quoting Whitehead, he said "... in our learning we must proceed beyond the imitation of a model, beyond the instruction of a master, beyond the analysis of ourselves, to the bold, unselfish, intelligent, disciplined service of others."

Mr. Harrison, a representative of the Bordon Company of Canada Limited, presents Al Crowe, one of Macdonald's prize-winning students, with his company's scholarship at Tuesday's Assembly.

## HOMECOMING WEEKEND

The day was Saturday, October 20, 1962. It dawned a cloudy but none the less happy day for the some three hundred graduates of Macdonald College who were gathering for the 1962 Homecoming Week-end.

The first of the graduates began to arrive around eleven o'clock Saturday morning and at that time registration began. Many changes on campus were witnessed for the first time by many of the Class of '52 who had not returned here for ten years. Since their graduation, Laird Hall, the extension of the Library and the extension to Brittain Hall as well as the new dining room, have been added to the campus scenery. The Class of 1952 held a luncheon and

then the next event on the schedule of the busy day was the football game. The game began with Dr. Dion performing the opening kick-off. The score of the game certainly indicated a successful afternoon, however a score of 89-0 also shows that our Mac Aggies out-matched the Sherbrooke team so as to deteriorate from the usual excitement of the game.

A business meeting of the Macdonald Branch of the McGill Graduate Society was the next event of the day. The main feature of that meeting was the loan fund that is operated by this group.

For those students, especially those in the Institute of Education, who have not heard of this

loan fund, it is operated by the Macdonald Branch of the McGill Graduate Society and has been developed to encourage promising High School graduates to continue with their formal education by aiding them financially. At present the fund consists of about \$18,000.00 and it is open to graduates of certain High Schools who are entering either the Bachelor of Education, the Bachelor of Household Science, or the Bachelor of Agriculture degrees who have obtained the necessary standards set for obtaining a loan. In addition, if a graduate recommends a student of any school, then that student may be considered for the loan. Much enthusiasm has been shown by the graduates for this project and it is hoped that the

fund will be increased to give coverage of a greater number of students.

The business meeting was followed by a dinner for the graduates in the new dining room.

Each year the classes celebrating their 5th, 10th, 15th, etc. anniversaries are the honoured classes and they compete for a shield given to the class with the highest percent of attending members. This year the Class of '52 won the shield. In talking to Paul Bubar, he attributed the fact that such per cent Marge and Jack Johnson, Paul Harris of the University of Maine, and Lyle Crober on his way from Holland to Niagara Falls as well as many others from Ontario, Quebec and the Maritimes made

the effort to attend. The Class of '57 also made a good showing. This dinner was followed by a dance in the Stewart Gym.

When asked to comment on the week-end, Dr. Dion said, "The spirit that is evidenced by the graduates is the best compliment that any institution can be paid." Dr. Dion continued, "The enthusiastic response of the graduates is probably most properly attributed to the traditions that Dr. Brittain established here in his many years as vice-principal."

Alex. Crowe commented that from the Pep Rally Friday night to the dance on Saturday night the week-end was a great success.

## STS ELECTION RESULTS POSTED

MARGARET ANN FARMER  
(President)

RICHARD LAVERTY  
(Vice-President)

MIKE STIRRUP  
(2nd Vice-President)

DAPHNE SANDERSON  
(Secretary)

BARBARA ELLIOT  
(Treasurer)

Results of last week's Student Teacher Society election were posted on the weekend; the following is the new executive slate:

Pres. — Margaret Ann Farmer  
Vice-pres. — Rick Laverty  
2nd Vice-pres. — Mike Stirrup  
Sec'y — Daphne Sanderson  
Treas. — Barbara Elliot

A much wider interest was taken in STS balloting this year. As some teachers may remember, all officers, with the exception of the president, were elected by acclamation at this time last fall. Little support was forthcoming from STS members in the form of nominations. This election differed however; there was a good number of candidates and a relatively good turn-out at the polls — 49.7%.

President M. A. Farmer, in a statement earlier this week, spoke of STS plans for the forthcoming year.

"I still hope that the executive will be able to decide upon granting of a bursary to some student going into third year," she said. "We may even be able to award a bursary to a first year student entering his or her sophomore year. We are assuming that everyone will pay their \$1 fee of course so that we will have sufficient funds."

Margaret Ann also mentioned the possibility of organizing a program of talks by people whom the STS members suggest. "In order to carry out this plan we need to obtain a consensus of opinion," she pointed out, and would appreciate contributions from the students on this subject.

In closing she remarked: "The executive cannot do anything alone. Our success is dependent upon the support we get from the student teachers. I can't definitely state any further plans as yet because I have not met with the executive. However we are looking forward to a successful year if every STS member does show a real interest in our activities."

# EDITORIALS . . . . . COMMENTS

It is against the policy of this paper to flog a dead horse, but we believe that the handling of the Student Recreation Centre deserves further comment.

You have probably seen the impressive list of fines prominently posted in the Coffee Shop and in the corridor outside of it. Most of these rules were drawn up last year, with the idea of submitting them, this year, for the approval of the House Committee. To the best of our knowledge this was not done. We would like to ask two questions. By what authority were those posters put up? What powers will enforce these rules? On the list of the persons with the supposed power to fine, there appears the name of a person who definitely does not have this authority. Why does his name appear?

You, as students of this college have certain rights. Any decisions concerning the student body as a whole should be passed through the Students Council where your representative can protect your rights. In the case of the closing of the Coffee Shop, supposedly to bolster the attendance at the Annual Assembly, this was not done. It may have been the right move but, it was not handled in the right way. Arbitrary decisions such as these must cease if the Students Council is to function properly. Benjamin Disraeli said this about the responsibility of power, "I repeat . . . that all power is a trust; that we are accountable for its exercise; that from the people all springs, and all must exist."

The very fact that rules of conduct were posted in such a bold fashion is an insult to the integrity of the Student Body as a whole. Surely the students of this college are old enough to be responsible for their actions, and do not need to be reminded of correct behavior by an authoritarian dictating of rules. The actions of students in the Recreation Centre did not warrant this action.

## LETTERS to the editor

There are at the present time too many short cuts taken by certain members of the Students' Council. Mr. Crowe has done a wonderful job up to the present. Now he is going too far. He had no right in closing the coffee shop without the council's permission. He is calling meetings of the Student Activities and expecting written reports without as much as a 24 hour notice. He unofficially support a candidate for a position on Students' Council and then when he finds out that this person does not agree with his views he makes sure that someone else gets the job that this person could have handled far better. Mr. Crowe also ordered rules for the coffee shop put up without prior consultation with the house committees. Maybe Mr. Crowe could also explain why the dancing room has been locked the last 2 Sundays, he seems to be trying to run everything else around here.

Mr. Crowe at the present time is hanging desperately onto the one clause in the constitution giving the Student's Council control over all activities under its control. He is overriding all constitutions which are not to his liking BUT which have been passed by previous councils.

Mr. Crowe, will you remember that you are not all powerful, you are not the Student's Council, you are still subject to criticism and you cannot take advantage of the Cuban Crisis to cover up your mistakes (you leaped before you looked). Mr. Crowe watch out or you will be the defendant at the next S.S.T. (H.T.)

Dear Sir:

We wish to thank all students of Macdonald College for their spirit and co-operation in making the annual Tabloid Track and Field Meet a complete success.

## Council Corner

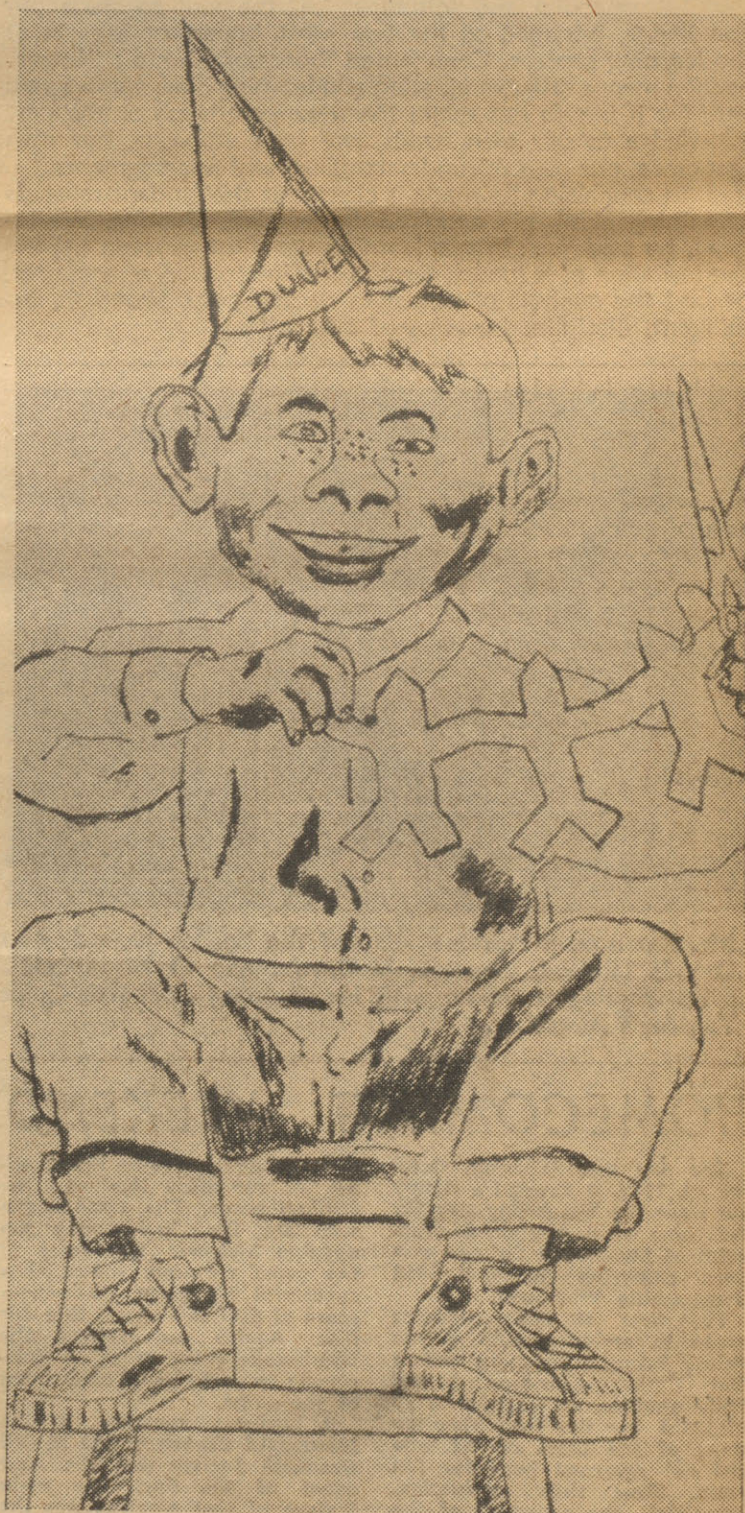

An extraordinary meeting of the S.C. was held in the Stewart Room on Monday evening. A short business meeting was held at which it was decided to ask all departments to discontinue loaning tractors to students without the consent of the council. The council felt that unreliable drivers could cause serious trouble.

The council took the opportunity to welcome Dr. and Mrs. Rowles, their honorary president and vice-president respectively, Mr. and Mrs. Millenchamp and Dr. and Mrs. McRae. This meeting provided an opportunity for council members to become acquainted with their honorary members and other friends of the council.

A gift was presented to Dr. McRae on behalf of the council for his help during McGill Open House.

A delicious lunch was served by the lady members of the council and all members felt that the meeting not only made the faculty members more fully aware of the council, but provided an opportunity for council to mingle with the senior members and all left knowing that if help were needed it could certainly be found in the honorary members.

Students' Council would be well advised to discuss serious problems with their honorary president before a discussion is made.

What me worry!  
Exams are in December!

## ROYAL NOTES

By Pam Carter

I have only a few things to mention in this week's column. First of all, we elected, at our last meeting, Russell Ward as our new Director of Livestock. Secondly, I wish to apologize to Darrell Wood for having him labelled as Article 1, Page 4 in last week's column. Darrell is our Director of Publications. Sorry Darrell, but I'm afraid that was a typographical error.

I would also like to say that in addition to the many events mentioned last week, there will be an election for "Queen of the Royal."

Could I draw your attention to the notice concerning Edward Smith, our Director of Royal Booths. He assures me that it is most urgent to get this information to him as soon as possible.

Next week I should have news for you concerning our theme.

That's all for now, so I'll sign off.

### NOTICE

Student organizations wishing to have displays in the College Royal must contact Edward Smith, Hut c-2, by October 31st.

## DISTINGUISHED SPEAKER FOR MAC ASSEMBLY

When the idea of the Memorial Assembly was first conceived, the purpose was to honour the boys of Macdonald College who went forth in the two great wars, to fight and die. Over the years this assembly has come to include a talk on world affairs, by a prominent speaker.

To this end, the guest speaker at this year assembly will be the Right Honourable Philip Noel Baker. Mr. Baker has been a Member of the British Parliament since 1928 and has held many prominent positions in Labour Governments.

The Memorial Assembly will be held on November 19 at 8:00 p.m. It is hoped that every one of the students at Macdonald College will see their way clear to come and hear this distinguished speaker.

ITS NOT THE  
COUGH THAT  
CARRIES YOU OFF  
ITS THE COFFIN  
THEY CARRY YOU  
OFFIN

## GREEN AND GOLD

November 23, 24, 25, have been set as tentative dates for the Drama Club presentation. The chosen play, shows "Ceaser and Cleopatra", is being directed by Bob Gourley. A cast of the fifteen main characters has already been chosen, but fourteen other shorter parts will be cast in two weeks.

The leads are being played by Rudy Linberg as Ceaser, and Marion Dawes as Cleopatra.

BOB GOURLEY, Director

Because the majority of the people who are interested in the Green and Gold are also those interested in the Drama Club, it has been suggested that both of these groups have the same executive. As a result, these people have been chosen as the executive for both groups.

Director .....	Bob Gourley
Producer .....	Philip Irwin
Sec't Treas. ....	Irene Gerych
Business Manager .....	Janet Southward
Technical Manager ....	George Montgomery
Publicity .....	Sandra Gergatos
Ticket Sales .....	Sue Gerson
Costumes .....	Joanne Bush
Make-Up .....	Joanne Denning
Music .....	Pam Carter
Script Chairman for	
Green and Gold ....	Hugh Macdonald

The post of Cheorgrapher has not been decided on as yet. By this new arrangement, the Brama club production will be considered the Fall presentation, and the Green and Gold will remain the Big Spring One.

## CAMPUS CLIPPINGS

Phil Knox

● **THE WORLD AT LARGE** — It is very possible that this could be the last issue of this paper or of any other paper for that matter. Over the past week, there has been an evident increase in tension regarding that dreaded subject: WAR; a subject which is usually pushed to the back of everyone's mind. However, last Monday night, the President of the United States of America presented an ultimatum to the Soviet leaders in Moscow, warning them that the U.S. regarded the recent build-up of nuclear weapons in Cuba as an offensive and hostile move rather than a defensive one. The ultimatum was strong and precise and it was backed by the admirable determination of President Kennedy and the American people. The reaction to the address was one of shock, concern, and even fear. It left the people who witnessed it with a lack of understanding about exactly what was going to be done to relieve or correct the situation; and it started certain people wondering just how long they had left to live. The President cannot be blamed for the actions he has taken and, I am sure, will continue to take in the very near future if the incident gets further out of hand. With an island only ninety miles off the American coast, loaded with armaments that could blow us off the face of the earth, he had no other choice but to make the Russians realize that he would not surrender or submit in the face of danger. The Russians are OUT OF BOUNDS in Cuba. Castro is no longer the heroic dictator he used to be. He is now merely a puppet whose strings are being pulled in any desirable direction by the Soviets. The pot is boiling vigorously. There is a terrible crisis at hand—a very acute crisis both nationally and internationally. I sincerely hope, as I am sure everyone else does, that Premier Khrushchev and President Kennedy can FINALLY get together and reach a logical conclusion—a conclusion which will be of benefit to both sides. But, judging from the persistent stubbornness of the Russians which has been witnessed in the past, and realizing that America will not back down one inch, we are going to eventually have to face reality. It is not something to look forward to. However, it HAS been seventeen years since the last world war. Heaven forbid we must suffer again.

★ ★ ★

● **ANOTHER MODEST PROPOSAL** — Meanwhile, back on the local level, just as the world is facing a crisis, we ourselves have a crisis here on campus—a parking problem. Lately, there have been a few cases where cars that have been parked around the Oval have been damaged because of the lack of space in which to park. These cars, especially during the week nights with night classes under way, invade almost every vacant spot within two minutes walking time of the main building; and cause the police agency here at the college a lot of trouble to keep them under control. My proposal this week is merely this—tear up the Oval and use it for parking space. That Sacred Oval on which no one is allowed to set foot is of absolutely no use whatsoever. Why not pave it and avoid the confusion which now exists every night. Putting the cars out of the way will most certainly help to avoid accidents and it will allow everyone to be within easy walking distance of classes. As the man said: "Why not?" It might do something for the college!

★ ★ ★

● **POINTS TO PONDER** — Many people are annoyed with that squeaky, antiquated DOOR KNOB on the door leading into the library. Since the library is a place of silence, something should be done about the one thing that makes the most noise. I am sure a little lubrication would help.... You might give some thought to the poignant request, made by a young controversialist, which appeared in this paper a few weeks back. He suggested that the name of the FOOTBALL TEAM change from being called the "Aggies" to something more representative of the college. It might be noted that a "teacher" scored four touchdowns in last week's game.... Events this WEEK-END include a football game at Loyola which has, I understand, a tough team this year. There is also a dance here on Saturday night.... Don't forget the BLOOD DRIVE this coming Wednesday. It might be interesting to take a count of the alcoholic content from some of the samples. Anyhow, get out and give a little—the life you save might be someone else's.... Next week is SADIE HAWKINS WEEK. Guys, here is your chance to make up for all those doors you DIDN'T open, for all those thank-yo's that WEREN'T extended, and for all those shows you DIDN'T pay for. Take it easy on the girls this week. They are the weaker sex, you know.... Thanks go out to TONY BROSCOMBE and JAN WESTERIK for their interest. It was nice of them to take time and write. Anyone else wishing to do the same can write to me in care of this paper. I'll hear about it.... Professor H.D. MORRISON is still on the sick list. We are all pulling for him and wish him a speedy recovery. Boy, the History Class is sure missing those slides.... Remember, only fifty more shopping days until CHRISTMAS, and if someone presses the button before then, I take this opportunity to wish you a very merry one—wherever you might be at the time!

★ ★ ★

● **BEEF OF THE WEEK** — Try this sometime. Try to read through a six hundred page book in a couple of hours! This is what the students who commute are expected to do. When a book is placed ON RESERVE in the library the only place it can be referred to is right there. It cannot be taken out. Students who find it impossible to remain in the library all day long and even into the night are out of luck when it comes to gathering material for an upcoming essay or assignment. How can one person be expected to weed through hundreds of pages of words in a few short hours. Such a system of reserving books which can only be read in the library should be done away with. Telling a class which consists of one or two hundred students to read a certain book at the same time is simply impossible. Most students will not bother to refer to a book which has been taken off the main shelves and placed on reserve. They know that they will only have a few hours in which to read it so they disregard the book altogether. By merely saying that there are books on a certain subject available in the library, I am sure the response to read them would be greatly increased. If taken, the suggestion would be gratefully acknowledged.

I AM COUNT DRACULA FROM TRANSYLVANIA

## INFIRMARY NOTICE

All students are requested to come to the Infirmary IMMEDIATELY, to make appointments for X-rays. This notice applies to ALL students who have not had an X-ray at Mac since September 1962.

This will be the only opportunity for X-rays at Macdonald College. After today any student who has not complied with notice will have to assume the responsibility of going to McGill to arrange his or her appointment.

H. Stacey, R.N.  
Nurse-in-Charge

# ANNUAL BLOOD DRIVE

ROLL UP YOUR SLEEVE —

AND LET DOWN YOUR PINT!

This is this year's slogan of Mac's blood drive. This year goal is up only 675 pints. There has been a bigger increase in enrolment this year. This means that there should more far more blood given this year than last year.

The heads of the three branches of Macdonald have been invited to take part in the Opening Ceremony. It is hoped that Dean Dion, Professor Munro and Professor Neilson will be the head of a blood drive that will go well over the top of the goal. Dave Goldenblat, the Head of the McGill Blood Drive will also be present to help Sandra Kay, the present chairman of Mac's Blood Drive get this year's Blood Drive off to a roaring start.

This year registration is more important than ever. Whether you can or can not give blood, you still get points for your class and the college. This will need explaining. The class points are calculated on percentage of people that register. These points are then handed over to make up part of the interclass total which works toward the interclass trophy. The same percentage system is used for intercollegiate competitions. The college with the highest percentage will get the "CORPUSCLE CUP". Get out and do your part. The winning class will also get a prize.

## NEEDED

Nurses aids : All those who are interested in helping please contact Jill Essar, Steward Hall.

People to serve Refreshments : All volunteers please see Pat O'Reilly, Laird Hall.

People to Register the Blood Donners : please see Marilyn MacLennan, Steward Hall.

Get out and do your part, and give YOUR pint with your class.

HUSTLING HOME-ECKS

## RIFLE CLUB

A meeting of the "New" Macdonald Rifle and Pistol Club was held on Tuesday Oct. 23. The purpose of the meeting was to elect an executive. The Executive was as follows:

President — Mike Gifford

Vice-President — B. MacPherson

Secretary-Treasurer — Jim de Graff

Executive Officer — George Palmer

As you probably know all the club's equipment was stolen by workmen working on the renovations of the new building. Monies for new equipment is being supplied by the M.A.A. and the Joint Activities Com-

mittee. The new equipment should be here by the middle of next week. It is hoped that shooting will start shortly.

Competition-wise, the schedule calls for two meets. Both are against C.M.H., the first being on the 8th of December and the second on January 19th. A four man team will be chosen from the ranks of the club, to compete in these and other meets. It is hoped that further competitions can be arranged with other colleges or even possibly with some of the local army regiments.

All those who are interested in riflery are invited to join the club. No experience is necessary. Watch the notice boards for details.

# GIRLS BEWARE!

Once a year, the traditions of Dogpatch descend upon us: the fairer sex. This is a week when the males are in their glory, especially here at Mac where the odds are in their favour. We, are ordered around as mere slaves and the only way to escape this fate is to hibernate for the week.

For one week, beginning on October 29th, we will be expected to carry trays, hold doors, light cigarettes, call for the boys, ask them out and generally do all the things they are supposed to do for the rest of the year. I have been told that the purpose of Sadie Hawkins week is to give us an idea of what a boy goes through as far as money is concerned and generally to help (??) us realize that money disappears rather quickly. (As if we didn't know that already). But after enduring Sadie Hawkins week last year, I have come to the conclusion that it should have been designed for the girls to show the boys what should be done. The age of chivalry has long since gasped its last breath and I think that it is up to us to put the boys to shame.

Sadie week is usually one of the biggest social whirls of the

year. It might even be said that it compares to Carnival week! Last year it was completely chaotic with little or no studying done.

The class play on Wednesday night had never been so well attended; there was a sudden influx of Macdonald students at the show (?) in St. Anne's and then Kirk's court on Friday night. The latter, also well attended, is a miniature court made up of males that try certain members of the opposite sex for undetermined crimes. Various other activities were organized to attempt to please the kings of the week.

Then Saturday night arrives and with it the dance. The main entrance of Brittain Hall is a spot of much consternation as the girls try to get up enough courage to page their dates. Finally all arrive at the dance, the boys with their corsages made by work worn hands and the girls with utter relief that this is the last night. A king and queen were chosen and so ends Sadie week. So come on girls, let's set a good example for these unchivalrous creatures that inhabit Brittain Hall.

## TRIBUTE TO GOLD KEY

The Gold Key Society of Macdonald College has accomplished a great deal this year and this is attributed to the honest and hard work of its members, who have been elected by you, the student body. They have done an excellent and efficient job of handling the various student elections.

At the recent McGill Open House, held on the McGill campus, they stood next to the Scarlet Key and Red Wing Societies, who perform the same duty at McGill as our Gold Key performs at Macdonald. It was observed by many present that our Gold Key took a great deal of the spotlight from the McGill Societies.

Their manner of treating visitors to our campus is one that the student body can be proud of. Besides adding colour and dignity to our campus, they represent YOU, the student body.

We, of the Failt-Ye staff, feel that it is time that this society was given a vote of thanks from the student body for a job well done and especially to their president, Bill McConachie.

## McGILL HOSTS CONFERENCE

This week, Macdonald College will take a big step forward in her student affairs. Jerry Taylor and Vivian Brieger will represent Mac at the McGill Conference on World Affairs. On October 25th, 26th, and 27th this conference, called "The New Europe" will be held.

There will be five sessions. The first will deal with the European Common Market, the second will be on "The Challenge to East and West" and the third on "Germany and the Atlantic Alliance". The fourth conference will deal with "France and the Atlantic Alliance" and the last will inspect "Political Union, The Common Market and Britain".

It can be easily seen that this is an activity of the greatest cultural merit and I feel that this is a great step in the right direction on this campus.

Incidentally, Jerry and Vivian will have their reports published in next week's Failt-Ye.

## ÉTUDIANTS FRANÇAIS DU COLLÈGE

J'ai parlé récemment à certains d'entre vous de la possibilité de lancer un club au collège, destiné d'abord et surtout aux étudiants d'expression française mais qui inviterait par la suite ceux des étudiants anglophones qui s'y intéresseraient. J'ai une liste des noms d'une douzaine d'étudiants qui pourraient éventuellement former le noyau d'un club, mais il nous faut un appui plus solide surtout des étudiants de la Faculté d'Agriculture, des étudiantes en Home Economics et des étudiants des classes IG, TP et 2BD. On prévoit des séances (à partir de 7.30) une fois par mois au moins et pour commencer, si cela semble vous intéresser, une soirée au nouveau théâtre qui ouvre ses portes pour la première fois ce soir à Vaudreuil. C'est tout près. Ça ne coûterait pas cher, surtout si on pouvait disposer de quelques voitures particulières pour s'y rendre. Ce nouveau théâtre mérite qu'on le soutienne, un des buts du club étant précisément de soutenir par tous les moyens le fait français, menacé à notre avis même au Québec.

Venez me parler, aujourd'hui même. Glissez un mot sous la porte de mon bureau (M235) si je n'y suis pas. Envoyez-moi un mot par la poste (C.P. 203). Montrez cet article à ceux qui ne l'auraient pas vu, mais ne manquez pas de vous signaler. Vous n'êtes pas tellement nombreux; on compte sur chacun de vous.

C. R. P. May.

## DEAR MONTY

Friday, Nov. 6, 1959

Dear Monty,

I am sixteen and at my first year in college. I have only just learned about kissing and I must admit that I am a bit confused. For example, is kissing my mother "different" from kissing a date?

Confused

Dear Confused,

I am afraid I can't answer that one as I have never kissed your mother.

Dear Monty,

I am a girl who frankly came to college to get a man. Although I have been exposed to a lot of boys, they all seem to want the same thing, and I have been told that a girl should avoid that kind of relationship. I have still not found a man. What should I do?

E. G.

Dear E. G.,

You remind me of amateur photography: exposed but under-developed — the school of experience has some distinguished graduates too.

Dear Monty,

I am eighteen and have been going with my boyfriend for three years and all we have ever done is hold hands. But now I find that I am going to have a baby. What should I do?

Troubled Trio

Dear Troubled Trio,

I suggest that you wear gloves in the future.

Dec. 18, 1959

Dear Monty,

You seem to be quite a character and I think we have a lot in common — I'd love to meet you. Could we arrange a rendez-vous?

Respectable

Dear Respectable,

Judging by your signature, I'm afraid we have absolutely nothing in common.

## A Weak Voice

The Failt-Ye Times is new  
[to me,

A student teacher of Tee  
[Pee.

I know, neither what the  
[title means,

Nor how to get behind the  
[scenes.

The paper should link one  
[and all,

From Laird to Stewart to  
[Britain Hall,

But somehow it does not  
[succeed,

Indifference is our Paper's  
[Creed.

Once a week the papers' out,  
Resulting in a wrestling  
[bout.

E'en then, there is one  
[chance in two

There'd be no paper left  
[for you.

I cannot say what should be  
[done,

For of many I am only one.  
But I suggest a revolution

For the Failt-Ye Times and  
[its distribution.

Friday Feb. 5, 1960

A leading Canadian Railroad received the following letter from a disgruntled passenger: —  
Gentlemen:

I have been riding your trains daily for the past two years and the service over your lines seems to be getting worse every day. I am getting tired of standing in the aisle all the time on a 15 mile trip. I think the transportation is worse than that enjoyed by people 2000 years ago.

Yours truly,  
xxx

The following reply was made by the railroad: —  
Dear Sir:

We received your letter with reference to the shortcomings of our service and believe you are somewhat confused in your history. The only mode of travel 2000 years ago was by foot.

Yours truly,  
xxx

And a final letter from the passenger: —  
Gentlemen:

I am in receipt of your letter and believe that you are the ones who are confused. If you will refer to your Bible, Book of David, ninth chapter, you will find that Aaron rode into town on his ass. That, gentlemen, is something that I have not been able to do on your train for the past two years.

Yours truly,  
xxx

FEB. 5, 1960  
Snow

Happy weather!  
You could sing to it!  
Bright blue patches in the grey — clouded sky.

And the snow!  
You could dance with it!  
As leaping and twirling it bounds with the frolicsome air.

Large flakes, downy flakes,  
That puff and explode as they reach your outstretched hand.

A snow storm,  
With a wild gale,  
And sharp, hard pellets  
Of snow and ice  
Whipping and pelting and beating  
Your cold red face...  
Half hidden in your collar.

A snatching, cruel wind  
That tugs hard at your coat —  
Sweeps the roof bare —  
And piles the snow high in every corner.

The evening when the wind drops  
As the sun drops...  
And the snow falls.

Six-pointed stars, fall softly, pile high  
Muffling familiar objects  
And hushing the noise of the world.

The score in the football game is explanation in itself. It was too bad we couldn't stop but the points were needed. Everyone played well on both offense and defense, however their were a few standouts. First of all stocky, Ron Augustine, our powerful right guard turned in a great game, providing big holes for the backs, both on line plunges and end sweeps. On the defense, our corner linebacker, Ted Horton, 5'7" and a tough 165 lbs., also played an outstanding game. Relying on his speed and quick hands he knocked down passes left and right, and blocked up the end runs well.

The game against Sherbrooke is all over and the contest this Saturday is Mac's big chance to stay in the finals. Loyola is no University of Sherbrooke, but the toughest team in the league. This is the thing to think about now, Sherbrooke has gone. The game is at 2:00 on Saturday at Loyola, so come out and cheer AGGIES on; they need and would appreciate it.

C.M.R.	71
U. of M.	49
Carleton	26
Mac	13
Ottawa U.	11

As you can see from the standings, Mac did not do too well. We did not place first in anything and the points that were obtained were few and far between. Carleton Davies placed second in the 220 and Dave Pottinger also came second in the 440.

Andy Hrycko jumped to a third place in the pole vault and our 440 relay came third. Unfortunately for the team, George Koski, who carried their hopes in the hop, step and jump and broad jump events, had to be absent.

Another season, another year; we can always look to the future for better results, however, the boys did their best and should be congratulated for it!

## SOCCER

Again, Mac went down in defeat to Bishops, 3-1. The team played its best, but it wasn't quite good enough for a victory. The field was a bit muddy and controlling the ball was that much more difficult. Darell Wood and John Elwin turned in fine performances, and they, along with the rest of the team, are ready for the future games. The soccer team has been lacking support, so let's do something about this!

## First Half

## WOMEN'S ATHLETICS

## WOMEN'S INTERCOLLEGIATE SOCCER

Mac's Girl's Soccer team has had lots of action in the last week. On Tuesday, October 16th, they played their biggest rivals, McGill, in a very good game. The team on the whole played very well with their efforts being rewarded by a complete shutout. The final score was 4-0 for Macdonald, the scorers being Sacha Walker and Marilyn Misner.

On Saturday, October 20th, with spirits high and with great eagerness, Mac played a very good team from Bishop's University. This game was much faster and more lively than the one against McGill, as Macdonald was seeking a win in lieu of a draw and a loss against this same team last year. This was the best game of the season so far as the team pulled its weight together, and dominated play for three-quarters of the game. In the first quarter, Sacha Walker scored from a left wing kick from Marilyn Misner and, in the second quarter, hard working Myrna Brien found the open space in the goal mouth during a scramble within the penalty area. In that same quarter Sacha Walker again scored to make the half-time score 6-0. However, in the third quarter, Mac's team began to fall apart and Bishop's took this opportunity to score. Realizing their weakness, Macdonald fought back in the final quarter and held Bishop's so the score remained 6-2 in favour of Mac. Special mention is deserved by Mac's undaunted goal-keeper, Maureen Custy, who certainly does a wonderful job in the nets. Others who starred in Saturday's game were Joanne Bush, Linda McKellar and Diane Taber. Congratulations also go to the rest of the team for a great performance. Let's keep up the good work and the undefeated record!

Coming games: Thursday, Mac at McGill, 7:00 p.m.;  
Saturday, Hudson at Mac, 11:15 a.m.

## TRACK AND FIELD

Individual scores for women participants in the Tabloid Track Meet are as follows:

- 1st place: Maureen Custy (1 P.E.), 18 points;
- 2nd place: Jill Hamilton (2T.), 17 points;
- 3rd place: Sally Blais (1 P.E.), 16 points.

Congratulations, girls!

## BASKETBALL

Intercollegiate basketball:

Tryouts for the Senior and Intermediate Intercollegiate teams will be held on Tuesday, October 30th, from 7:00-8:30 p.m.

Interclass basketball:

Interclass basketball begins Monday, November 5th. Class representatives should make certain that your teams are entered to Norma Paton, room 352, Laird Hall, by Monday, October 29th. Any number of teams per class may be submitted, but each team must have at least nine listed players, plus one class official.

Let's have everyone out to get points for your class!

## TENNIS

Intercollegiate tennis:

The Intercollegiate Tennis team has played two matches thus far. The first match was against McGill and both our singles were successful in winning their matches, but, unfortunately, our doubles were defeated.

Sir George William's University came to Mac last Saturday. It proved to be an unlucky day for both the weather and the playing. Norma Paton was the only winning player for Macdonald and battled against Louise Venet for 2½ hours. The final scores were 8-10, 7-5, 7-5.

This Saturday, the team travels to McGill for a return match. Players on the Intercollegiate Team are: Norma Paton, Marilyn Misner, Nancy Peters, Bonnie Eccles, Barb Aylett and Monica Dament. Best of luck this Saturday, girls!

## INTER-CLASS TENNIS

Well, "Minnie" Misner and our carrot top phys. ed., Norma "Pat" Paton, are out to capture the College Tennis Championship again this year.

Nancy Peters and Marilyn Misner have teamed up again and have made the finals. Their opponents are Bonnie Eccles and Norma Paton who they beat in a close match last Fall.

Both these matches should prove interesting to watch. May the best players win!

## CHEERLEADING

There will be a bus for spectators going to the last football game of this year against Loyola, this Saturday, October 27th.

DICKIE FOR LONG GAIN (J.U.D.)

SATURDAY — 2.00  
MAC AT LOYOLA
